PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

Section 'B', Vol. 81, January – June 1975

CONTENTS

Chromosomes of some Indian tenebrionidae (Insecta: Coleoptera) *J Dasgupta* 1

Ecology of black flies (Diptera: Simuliidae) in Darjeeling area, India *M Datta, R K Dey, A K Paul and T K Pal* 7

Food of the squid *Loligo duvauceli* d'Orbigny *B A Kore and M C Joshi* 20

Contributions to our knowledge of South Indian Algae—VIII *M O P Iyengar* 29

On a collection of stomatopod Crustacea from Andhra Pradesh *S Dutt and K Ravindranath* 61

A new black fly species (Simuliidae—diptera) from the Darjeeling area, India *M Datta* 67

Embryogenesis of *Chrysocoris purpureus* (Westw.) (Hemiptera: Pentatomidae) *S Swaminathan and Vijayam Sriramulu* 75

Development and structure of the shoot apex in *Prosopis juliflora* dc. *M L Trivedi, S K Pillai and B D Deshpande* 83

Apical meristems in *Nymphaea stellata* Willd. *Ambuja Pillai and K Y Kavathekar* 91

Anatomy of the mature embryo and seedling of *Picea smithiana* (Wall) Boiss *K Venkataratnam, B Chacko, B D Deshpande and S K Pillai* 101

Epidermal studies in some species of *Jasminum* *Miss Kanti Srivastava* 111

Effects of penicillin and streptomycin on *Poecilocerus pictus*—A cytological study *S Subramanyam and G Prem Veer Reddy* 118

Correlation between banana fruits ripening, its texture and pectin-methyl esterase activity *D L Patil and N G Magar* 127

Cytogenetical studies in *Saccharum spontaneum* *T V Sreenivasan* 131

Some new species of spiders of the family Argiopidae from India *B K Tikader* 145

Some jumping spiders of the genus *Zygoballus* from India (Family: Salticidae) *B K Tikader* 150

Few rare black fly species (Diptera: Simuliidae) of the subgenus *Simulium* Latreille (*s. str.*) from the Darjeeling Area, India *M Datta and T K Pal* 154

Morphology and embryology of *Asparagus virgatus* Baker *T S Mahabalé and A C Inamdar* 162

Respiratory and enzymatic changes in the *Colletotrichum* leaf spot of turmeric *M Chandrasekharan Nair and K Ramakrishnan* 170

Floral sclereids in some Loganiaceae *A M Bendre* 174

Induced quantitative mutations in Okra (*Abelmoschus esculentus* Moench). I. Plant height mutations *Yashvir* 181

Studies in Cyperaceae—XIII. Novelties in *Cyperus* L. subgen. *Pycreus* (Beauv.) C. B. Clarke *E Govindarajalu* 187

The leaf structure in *Podocarpus brevifolius* (Stapf.) Foxw. *S B Kausik* 197

Ecological aspects of zooplankton production off Visakhapatnam (Bay of Bengal) *K V Ramanamurty and P N Ganapati* 207

Effect of leaf diseases on grain yields of some varieties of sorghum *H C Sharma and N K Jain* 223

Breeding for disease resistance in plants *T S Sadasivan* 229

Effects of temperature-salinity combinations on the digestion rates of *Gambusia affinis* *Katre Shakuntala* 249

Physiology of digestion in *Puntius sophore* (Ham.) *Krishan A Goel* 254

AUTHOR INDEX

Ambuja Pillai
Apical meristems in *Nymphaea stellata* Willd. 91

Bendre A M
Floral sclereids in some Loganiaceae 174

Chacko B
see Venkataratnam K 101

Chandrasekharan Nair M
Respiratory and enzymatic changes in the *Colletotrichum* leaf spot of turmeric 170

Dasgupta J
Chromosomes of some Indian tenebrionidae (Insecta: Coleoptera) 1

Datta M
Ecology of black flies (Diptera: Simuliidae) in Darjeeling area, India 7

A new black fly species (Simuliidae-diptera) from the Darjeeling area, India 67

Deshpande B D
see Trivedi M L 83
see Venkataratnam 101

Datta M
Few rare black fly species (Diptera : Simuliidae) of the subgenus *Simulium* Latreille (*s.str.*) from the Darjeeling Area, India 154

Dey R K
see Datta M 7

Dutt S
On a collection of stomatopod Crustacea from Andhra Pradesh 61

Govindarajalu E
Studies in Cyperaceae—XIII. Novelties in *Cyperus* L. subgen. *Pycreus* (Beauv.) C. B. Clarke 187

Ganapati P N
see Ramanamurthy K V 207

Inamdar A C
see Mahabalé T S 162

Iyengar M O P
Contributions to our knowledge of South Indian Algae—VIII 29

Jain N K
see Sharma H C 223

Joshi M C
see Kore B A 20

Kanti Srivastava, Miss
Epidermal studies in some species of *Jasminum* 111

Katre Shakuntala
Effects of temperature-salinity combinations on the digestion rates of *Gambusia affinis* 249

Kausik S B
The leaf structure in *Podocarpus brevifolius* (Stapf.) Foxw. 197

Kavathekar K Y
see Ambuja Pillai 91

Kore B A
Food of the squid, *Loligo duvauceli* d'Orbigny 20

Krishan A Goel
Physiology of digestion in *Puntius sophore* (Ham.) 254

Magar N G
see Patil D L 127

Mahabalé T S
Morphology and embryology of *Asparagus virgatus* Baker 162

Pal T K
see Datta M 7
see Datta M 154

Patil D L
Correlation between banana fruits ripening, its texture and pectin-methyl esterase activity 127

Paul A K
see Datta M 7

Pillai S K
see Trivedi M L 83
see Venkataratnam K 101

Prem Veer Reddy G
see Subramanyam S 118

Ramakrishnan K
see Chandrasekharan Nair M 170

Ramanamurty K V
Ecological aspects of zooplankton production off Visakhapatnam (Bay of Bengal) 207

Ravindranath K
see Dutt S 61

Sadasivan T S
Breeding for disease resistance in plants 229

Sharma H C
Effect of leaf diseases on grain yields of some varieties of sorghum 223

Sreenivasan T V
Cytogenetical studies in *Saccharum spontaneum* 131

Sriramulu, Vijayam
see Swaminathan S 75

Subramanyam S
Effects of penicillin and streptomycin on *Poecilocerus pictus*—A cytological study 118

Swaminathan S
Embryogenesis of *Chrysocoris purpureus* (Westw.) (Hemiptera: Pentatomidae) 75

Tikader B K
Some new species of spiders of the family Argiopidae from India 145

Some jumping spiders of the genus *Zygoballus* from India (Family: Salticidae) 150

Trivedi M L
Development and structure of the shoot apex in *Prosopis juliflora* dc. 83

Venkataratnam K
Anatomy of the mature embryo and seedling of *Picea smithiana* (Wall) Boiss 101

Yashvir
Induced quantitative mutations in Okra (*Abelmoschus esculentus* Moench). I. Plant height mutations 181

SUBJECT INDEX

Abelmoschus esculentus
Induced quantitative mutations in Okra (*Abelmoschus esculentus* Moench) 181

Algae
Contributions to our knowledge of South Indian Algae—VIII 29

Asparagus virgatus Baker, Morphology and embryology 162

Banana
Correlation between banana fruits ripening, its texture and pectin-methyl esterase activity 127

Black flies
Ecology of black flies (Diptera : Simuliidae) in Darjeeling area, India 7

A new black fly species (simuliidae : diptera) from the Darjeeling area, India 67

Few rare black fly species (Diptera : Simuliidae) of the subgenus *Simulium* Latreille (*s. str.*) from the Darjeeling Area, India 154

Chromosomes of some Indian tenebrionidae 1

Chrysocoris purpureus
Embryogenesis of *Chrysocoris purpureus* (Westw.) (Hemiptera : Pentatomidae) 75

Crustacea
On a collection of stomatopod Crustacea from Andhra Pradesh 61

Cyperaceae
Studies in Cyperaceae—XIII 187

Embryogenesis
Embryogenesis of *Chrysocoris purpureus* (Westw.) (Hemiptera : Pentatomidae) 75

Gambusia affinis
Effects of temperature-salinity combinations on the digestion rates of *Gambusia affinis* 249

Jasminum (Oleaceae), Epidermal studies 111

Loligo duvauceli
Food of the squid *Loligo duvauceli* d'Orbigny 20

Mature embryo
Anatomy of the mature embryo and seedling of *Picea smithiana* (Wall) Boiss 101

Nymphaea stellata
Apical meristems in *Nymphaea stellata* Willd. 91

Pathodeme
Breeding for disease resistance in plants 229

Pathotype
Breeding for disease resistance in plants 229

Physiological stomach
Effects of temperature-salinity combinations on the digestion rates of *Gambusia affinis* 249

Phytoalexins
Breeding for disease resistance in plants 229

Phytoimmunity
Breeding for disease resistance in plants 229

Picea smithiana
Anatomy of the mature embryo and seedling of *Picea smithiana* (Wall) Boiss 101

Podocarpus brevifolius
The leaf structure in *Podocarpus brevifolius* (Stapf.) Foxw. 197

Poecilocerus pictus
Effects of penicillin and streptomycin on *Poecilocerus pictus*—A cytological study 118

Population resistance
Breeding for disease resistance in plants 229

Prosopis juliflora dc.
Development and structure of the shoot apex in *Prosopis juliflora* dc. 83

Puntius sophore (Ham.), Physiology of digestion 254

Sclereids
Floral sclereids in some Loganiaceae 174

Sorghum
Effect of leaf diseases on grain yields of some varieties of sorghum 223

Spiders (Family : Argiopidae)
Some new species of spiders of the family Argiopidae from India 145

Spiders (Family : Salticidae)
Some jumping spiders of the genus *Zygoballus* from India 150

Turmeric leaves infection by *Colletotrichum capsici* respiratory and enzymatic 170

Zooplankton
Ecological aspects of zooplankton production off Visakhapatnam (Bay of Bengal) 207

PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

Section 'B', Vol. 82, July–December 1975

CONTENTS

Organisation and characteristics of gastric chemoceptive neurons in frog brain-stem — *T. Ramakrishna and K. N. Sharma* — 1

The relationship between yeasts and marine algae — *K. S. Patel* — 25

The taxonomic significance of the typology of sclereids in a few taxa of the subfamily Oleoideae of Oleaceae — *T. Ananda Rao and M. K. Manna* — 29

Mechanism of yolk formation in the oocytes of *Triturus pyrrhogaster* — *N. H. Gopal Dutt and Sakae Inoue* — 41

Histochemical study of shoot-root apices in *Panicum miliaceum* Linn. seedlings — *C. K. Rudramuniyappa and M. G. Panchaksharappa* — 46

An analysis of shear fractures — *K. V. Suryanarayana* — 52

Effect of herbicides on the carbohydrate and nitrogen contents of nutgrass (*Cyperus rotundus* L.) — *L. P. Misra, L. D. Kapoor and R. S. Choudhri* — 57

Effect of magnesium deficiency on oxidative phosphorylation, mitochondrial swelling and protein synthesis in weanling rats — *Shanta Sharma* (nee *Amarlal*) — 63

Studies on the toxins of *Pyricularia* spp.—the phytotoxicity of culture filtrates — *A. Narayana Rao and S. Suryanarayanan* — 77

Rare black fly species (Diptera: Simuliidae) of the subgenus *Eusimulium* Roubaud from the Darjeeling area, India — *M. Datta, R. K. Dey and A. K. Paul* — 92

Pueruli of *Panulirus polyphagus* (Herbst) (Crustacea, Decapoda, Palinuridae) from east coast of India with a key to known Indo-West Pacific pueruli of *Panulirus* White — *S. Dutt and K. Ravindranath* — 100

Stomatal behaviour towards four classes of herbicides as a basis of selectivity to certain weeds and crop plants — *V. S. Rama Das and M. Santakumari* — 108

Studies on Indian cercariae—I. Strigeoid cercariae — *A. S. Murty* — 117

Stability in *Pyricularia oryzae* Cav. — *J. Veeraraghavan* — 127

Antitumor immunity in rats against Yoshida ascites sarcoma after treatment with antibiotics *R. Nayak and M. Sirsi* 132

Oogenesis in *Acanthosentis oligospinus* n.sp., an aganthocephalan parasite of the fish, *Macrones gulio*—I. The morphology of the oocyte and distribution of the nucleic acids *Sita Anantaraman and T. Subramoniam* 139

Ultrastructural studies of the granulosa and the diencephalic ependyma in rats *K. Chandrasekhar* 146

Diorites from Kuderu and Atmakuru areas, Anantapur District, Andhra Pradesh *G. Lakshmi Reddy and M. S. Murty* 155

Leaf variation due to 2, 4-D influence in *Trigonella foenum-graecum* L. *K. Unnikrishnan and Molly Hariharan* 167

Weed-crop behaviour in pure and mixed stands of maize and *Echinochloa colona* Link. *Promila Kapoor and P. S. Ramakrishnan* 175

Bioassay of nuclear polyhedrosis virus against larval stages of *Spodoptera litura* (Fabricius) and the effect of protectants against ultraviolet light *Udom Komolpith and N. Ramakrishnan* 195

Studies in cyperaceae—XV. Novelties in *Fimbristylis* (L.) Vahl and *Cyperus* L. (Subgen. *Mariscus*) *E. Govindarajalu and K. Hemadri* 205

Scutellum and endosperm in the seedlings of Gramineae—a histochemical study *M. G. Panchaksharappa and C. K. Rudramuniyappa* 211

Polygala raoi (Polygalaceae), a new species from Kanya Kumari, Tamil Nadu, India *R. N. Banerjee and L. K. Banerjee* 218

A comparison of membrane and glass-fibre filters for productivity experiments *James R. Postel and V. N. R. Rao* 221

PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

Section 'B'

An analysis of shear fractures 52

Suryanarayanan S
see Rao A Narayana 77

Unnikrishnan K
Leaf variation due to 2, 4 – D influence in *Trigonella foenum-graecum* L. 167

Veeraraghavan J
Stability in *Pyricularia oryzae* Cav. 127

SUBJECT INDEX

Acanthosentis
Oogenesis in *Acanthosentis oligospinus* n.sp., an aganthocephalan parasite of the fish, *Macrones gulio*—I. The morphology of the oocyte and distribution of the nucleic acids 139

Acetic acid, 2, 4-Dichlorophenoxy acetic acid
Leaf variation due to 2, 4–D influence in *Trigonella foenum-graecum* L. 167

Algae, marine
The relationship between yeasts and marine algae 25

Allotrimorphism
Diorites from Kuderu and Atmakuru areas, Anantapur District, Andhra Pradesh 155

Apices, root and shoot
Histochemical study of shoot-root apices in *Panicum miliaceum* Linn. seedlings 46

Cercariae, Strigeoid
Studies on Indian cercariae—I 117

Chlorophyceae
The relationship between yeasts and marine algae 25

Cyperaceae
Studies in *cyperaceae*—XV 205

Diencephalon
Ultrastructural studies of the granulosa and the diencephalic ependyma in rats 146

Diorites
Diorites from Kuderu and Atmakuru areas, Anantapur District, Andhra Pradesh 155

Echinochloa
Weed-crop behaviour in pure and mixed stands of maize and *Echinochloa colona* Link. 175

Endosperm
Scutellum and endosperm in the seedlings of Gramineae—a histochemical study 211

Ependyma
Ultrastructural studies of the granulosa and the diencephalic ependyma in rats 146

Estrous changes
Ultrastructural studies of the granulosa and the diencephalic ependyma in rats 146

Eusimulium
Rare black fly species (Diptera: Simuliidae) of the subgenus *Eusimulium* Roubaud from the Darjeeling area, India 92

Filters
A comparison of membrane and glass-fibre filters for productivity experiments 221

Fimbristylis
Studies in *cyperaceae*—XV 205

Gastric neurons
Organisation and characteristics of gastric chemoceptive neurons in frog brain-stem 1

Gramineae
Scutellum and endosperm in the seedlings of Gramineae—a histochemical study 211

Granite magma
Diorites from Kuderu and Atmakuru areas, Anantapur District, Andhra Pradesh 155

Granulosa cells
Ultrastructural studies of the granulosa and the diencephalic ependyma in rats 146

Herbicides
Effect of herbicides on the carbohydrate and nitrogen contents of nutgrass 57
Stomatal behaviour towards four classes of herbicides as a basis of selectivity to certain weeds and crop plants 108

Histochemical localisation of RNA
Histochemical study of shoot-root in *Panicum miliaceum* Linn. seedlings 46

Immunity
Antitumor immunity in rats against Yoshida ascites sarcoma after treatment with antibiotics 132

Leaf variation
Leaf variation due to 2, 4-D influence in *Trigonella foenum-graecum* L. 167

Lymphocytes
Antitumor immunity in rats against Yoshida ascites sarcoma after treatment with antibiotics 132

Macro gulio
Oogenesis in *Acanthosentis oligospinus* n.sp., an aganthocephalan parasite of the fish, *Macrones gulio*—I. The morphology of the oocyte and distribution of the nucleic acids 139

Magnesium deficiency
Effect of magnesium deficiency on oxidative phosphorylation, mitochondrial swelling and protein synthesis in weanling rats 63

Maize
Weed-crop behaviour in pure and mixed stands of maize and *Echinochloa colona* Link. 175

Marine algae
The relationship between yeasts and marine algae 25

Micropinocytosis
Mechanism of yolk formation in the oocytes of *Triturus pyrrhogaster* 41

Mitochondrial swelling
Effect of magnesium deficiency on oxidative phosphorylation, mitochondrial swelling and protein synthesis in weanling rats 63

Neurons, gastric
Organisation and characteristics of gastric chemoceptive neurons in frog brain-stem 1

Nitrogen content of nutgrass
Effect of herbicides on the carbohydrate and nitrogen contents of nutgrass 57

Nuclear polyhedrosis virus
Bioassay of nuclear polyhedrosis virus against larval stages of *Spodoptera litura* (Fabricius) and the effect of protectants against ultraviolet light 195

Nutgrass
Effect of herbicides on the carbohydrate and nitrogen contents of nutgrass 57

Oleoideae
The taxonomic significance of the typology of sclereids in a few taxa of the subfamily of Oleaceae 29

Oocyte growth
Mechanism of yolk formation in the oocytes of *Triturus pyrrhogaster* 41

Oogenesis
Oogenesis in *Acanthosentis oligospinus* n.sp., an aganthocephalan parasite of the fish, *Macrones gulio*—I. The morphology of the oocyte and distribution of the nucleic acids 139

Oro-gastric interaction
Organisation and characteristics of gastric chemoceptive neurons in frog brain-stem 1

Panidiomorphism
Diorites from Kuderu and Atmakuru areas, Anantapur District, Andhra Pradesh 155

Panulirus
Pueruli of *Panulirus polyphagus* (Herbst) (Crustacea, Decapoda, Palinuridae) from east coast of India with a key to known Indo-West Pacific pueruli of *Panulirus* White 100

Pathogenicity shifts
Stability in *Pyricularia oryzae* Cav. 127

Petrofabric diagram
An analysis of shear fractures 52

Phenolics
Studies on the toxins of *Pyricularia* spp.—the phytotoxicity of culture filtrates 77

Phytoplankton Photosynthesis measurements
A comparison of membrane and glass-fibre filters for productivity experiments 221

Phytotoxicity
Studies on the toxins of *Pyricularia* spp.—the phytotoxicity of culture filtrates 77

Polygala raoi
Polygala raoi (Polygalacaee), a new species from Kanya Kumari, Tamil Nadu, India 218

Polyhedrosis
Bioassay of nuclear polyhedrosis virus against larval stages of *Spodoptera*

litura (Fabricius) and the effect of protectants against ultraviolet light 195

Probit analysis
Organisation and characteristics of gastric chemoceptive neurons in frog brain-stem 1

Productivity experiments
A comparison of membrane and glass-fibre filters for productivity experiments 221

Projections, chemoceptive
Organisation and characteristics of gastric chemoceptive neurons in frog-brain-stem 1

Protein synthesis
Effect of magnesium deficiency on oxidative phosphorylation, mitochondrial swelling and protein synthesis in weanling rats 63

Pueruli
Pueruli of *Panulirus polyphagus* (Herbst) (Crustacea, Decapoda, Palinuridae) from east coast of India with a key to known Indo-West Pacific pueruli of *Panulirus* White 100

Pyricularia toxins
Studies of the toxins of *Pyricularia* spp.—the phytotoxicity of culture filtrates 77

Pyricularia
Stability in *Pyricularia oryzae* Cav. 127

Rhodophyceae
The relationship between [illegible]ts and marine algae 25

RNA, Histochemical localisation of
Histochemical study of shoot-root apices in *Panicum miliaceum* Linn. seedlings 46

Sclereids
The taxonomic significance of the typology of sclereids in a few taxa of the subfamily Oleoideae of Oleaceae 29

Scutellum
Scutellum and endosperm in the seedlings of Gramineae in histochemical study 211

Shear fractures and joints
An analysis of shear fractures 52

Spodoptera
Bioassay of nuclear polyhedrosis virus against larval stages of *Spodoptera litura* (Fabricius) and the effect of protectants against ultraviolet light 195

Stomatal aperture
Stomatal behaviour towards four classes of herbicides as a basis of selectivity to certain weeds and crop plants 108

Strigeoid cercariae
Studies on Indian cercariae—I. Strigeoid cercariae 117

Theca interna
Ultrastructural studies of the granulosa and the diencephalic ependyma in rats 146

Trigonella
Leaf variation due to 2, 4-D influence in *Trigonella foenum-graecum* L. 167

Triturus
Mechanism of yolk formation in the oocytes of *Triturus pyrrhogaster* 41

Tumour
Antitumor immunity in rats against Yoshida ascites sarcoma after treatment with antibiotics 132

UV Protectants
Bioassay of nuclear polyhedrosis virus against larval stages of *Spodoptera litura* (Fabricius) and the effect of protectants against ultraviolet light 195

Weed-crop behaviour
Weed-crop behaviour in pure and mixed stands of maize and *Echinochloa colona* Link. 175

Weedicides
Leaf Variation due to 2, 4–D influence in *Trigonella foenum-graecum* L. 167

Yeast
The relationship between yeasts and marine algae 25

Yolk formation
Mechanism of yolk formation in the oocytes of *Triturus pyrrhogaster* 41

Yoshida ascites
Antitumor immunity in rats against Yoshida ascites sarcoma after treatment with antibiotics 132
